[Radiosport vs. Pokémon GO](#)

It should come as no surprise that ham radio operators are drawing comparisons between Pokémon GO and Amateur Radiosport.

[ARRL](#)

[Growing 6m JT65 activity](#)

On several occasions this week, I have heard or worked dozens of others on JT mode while the bottom end of the band appears void of signals.

[AmateurRadio.com](#)

[North Korea activates numbers station](#)

A female announcer at the radio station read numbers for two minutes on 24 June and 14 minutes on Friday.

[The Guardian](#)

[What's In your rubber duck?](#)

I often refer to the rubber duck as The World's Most Convenient Crappy Antenna.

[K0NR](#)

[Life as a blind radio Ham](#)

Anyone can join in the conversation and sometimes you find yourself talking to a dozen or so people across the ends of the Earth.

[Largs & Millport](#)

[Smartphone vibration motor as microphone](#)

Two researchers from the University of Illinois at Urbana-Champaign have devised a method for turning vibration motors, like the ones found in smartphones, into makeshift microphones, capable of recording the sound around them.

[Southgate](#)

[How to: GPS spoofing \(to hack Pokémon GO\)](#)

As satellite GPS signals are very weak while receiving on earth, transmitted signals with the

HackRF will be very strong in comparison.

[Insinuator](#)

A speaker mic NOT to buy

I'm guessing this one didn't pass through quality control, if there is such a thing at the Baofeng factory.

[Digital Mobile Radio](#)

Receiving WSPR with RTL-SDR

Direct sampling mode allows you to receive HF signals on an RTL-SDR without the need for an upconverter
